Learn what a degree in STEM can do for you!

Higher Steps is a six-week program designed and taught by the SDSMT Electrical and Computer Engineering (ECE) Department.

For three hours every Saturday, high school students come to Mines and work on hands-on activities like soldering, programming, building a working radio, and robotics with our renowned faculty.

You will learn what Electrical & Computer Engineering are, and about the opportunities that come from a degree in ECE and other STEM (science, technology, engineering and mathematics) fields.

Deadline for registration is January 16. Space is limited to 16 students, so register today at www.sdsmt.edu/highersteps!

GRADES: 9-12

DATES: Saturdays, Jan 25 - March 1

TIME: 10 AM - 1 PM, lunch included

COST: \$350
