

Accelerated BS/MS Advising Form
Department of Geology and Geological Engineering

Instructions: This form is to be filled out at the time of application to the accelerated BS/MS program. Discuss your plans with a faculty member who will agree to become your major professor for the MS program. Once signed, please bring the form to the department office. It must be on file before you can be admitted to the program.

Name of Student: _____ BS.GEOL BS.GEOE

Student ID: _____ Anticipated BS graduation (month/year): _____

I plan to apply for the accelerated program :

_____ MS in Geology and Geological Engineering (Geology specialization)

_____ MS in Geology and Geological Engineering (Geological Engineering specialization)

_____ MS in Paleontology

I plan to take these courses at the 500-level and double-count them in the accelerated BS/MS.

A maximum of nine credits may be double-counted. All must be taken at the 500-level or above.

If this course list changes at a future date, for example because a course is canceled, you will need to file a new form. Only approved courses may be double-counted.

Student signature: _____ Date: _____

Faculty approval: I agree to become this student's major professor if he/she is admitted to the accelerated BS/MS program, and I approve the list of courses to be double-counted.
