Subject: Mines Family News

Dear Parents,

The families of our students are a key part of the broader Mines family, and as such it is important to keep you updated on news and happening on our campus. Recently we developed a communication plan to keep you informed.

Legacy News will be e-distributed the first Wednesday of each month and contains some of our biggest headlines from the previous thirty days. It often offers photo spreads and links. This magazine-style newsletter is published entirely online. Click to read the February issue of [Legacy News](#).

The Hardrock magazine is published in the summer and winter and is a collaborative effort of the university and our Alumni Association. This magazine offers a "Flashback" to historical events on campus as well as a look forward with in-depth feature stories highlighting the impact of our research endeavors, personal profiles, and other news of significance. The "Class Notes" section is a great way to catch up with alumni, both professionally and personally, and keep our sense of Mines family and Mines pride alive. Click here to read the winter edition of [The Hardrock](#).

In a move to keep all members of the Mines family connected, our university president, Heather Wilson, will be sending monthly e-postcards.

We want you to enjoy your student's experience at the School of Mines, and my office is here to be of assistance to you. Please don't hesitate to contact Administrative Assistant, [Coral Selken](#), or me if we can be of assistance.

Sincerely,

A handwritten signature in black ink that reads "Dean Mahon".

Patricia G. Mahon, PhD
Vice President for Student Affairs and Dean of Students
