Undergraduate Admission Application Instructions

Application Requirements

Application Fee

All applicants are required to submit a nonrefundable application fee with your application. The application fee is **\$20 per university**. An exception is made for students who are not degree seeking, or have previously applied, paid the fee, *and* attended a university in the South Dakota Board of Regents system. Make check or money order payable to "Enrollment Service Center."

Note: If you plan to take classes in Sioux Falls at the USDSU Center and have never attended a South Dakota public university, you are required to pay just one \$20 application fee.

High School Transcript

If you are applying to a degree program, you must arrange for an **official** high school transcript to be sent to the Enrollment Service Center. If you are still attending high school, the transcript must include courses completed and courses in progress, or the high school counselor may use the "High School Courses in Progress" section of this application to certify courses in progress. You must also arrange for a final **official** transcript to be sent after you graduate from high school.

Official College Transcript

If you are applying to a degree program, you must request **official** transcripts from all institutions you previously attended, excluding BHSU, DSU, NSU, SDSM&T, SDSU, or USD. Transcripts are considered **official** only if they are sent directly to the Enrollment Service Center by the institution. If you are currently enrolled at another institution, you may have the school send a partial **official** transcript(s) and be considered for provisional admission until the final **official** transcript(s) arrives.

Official Report of ACT or SAT Scores

If you are applying to a degree program and are under 21 years of age, you must complete a college entrance examination (ACT or SAT) and have the results sent to the universities to which you are applying or to the Enrollment Service Center. If ACT or SAT scores are listed on your high school transcript, it is not necessary to request the scores from the testing agency.

Use of Social Security Number

We are requesting your SSN for administrative record accuracy and reporting. Disclosure of your SSN is voluntary and if you decline to provide it to us this action will not affect your admissions eligibility. However, we request this information from you in order to meet our federal obligation to report student employment, Hope and Lifetime scholarship tax information, and federal financial aid. The SSN number is confidential information under the Federal Educational Rights to Privacy Act and we will not release it without your consent. Having your SSN on record will enable the university to keep accurate information and to report it promptly.

Readmitted Students

Former students who want to reapply for admission must submit another admission application and **official** transcripts directly to the Enrollment Service Center for all colleges attended since leaving the university to which you are reapplying. If you interrupt your attendance by a semester or more, you must reapply for admissions to that university. If a name change has occurred since prior attendance, additional documentation will be required.
