STUDENT ID:	_____	GRAD DATE:	_____
LOCAL ADDRESS:	_____	SEM. HRS. COMPLETED:	_____
EMAIL ADDRESS:	_____	CUM. GPA:	_____
PHONE:	_____	ACADEMIC ADVISOR:	_____

This Intent to Graduate form, along with a current degree worksheet, must be completed during the first week of STS 401 as part of the requirements for the Bachelor of Science degree in Science, Technology, and Society (STS). Working with an academic advisor, STS majors will complete this form, as well as the degree worksheet, which must be signed by the student's advisor to indicate that it has been reviewed for accuracy. Students must attach a copy of the degree worksheet (signed by their advisor) to the Intent to Graduate form in order to verify 1) courses completed to date, and 2) coursework necessary to complete the degree requirements. Students will submit both the Intent to Graduate form and the completed degree worksheet to the instructor of STS 401 during the first week of the semester, and they will also forward an electronic copy of the degree worksheet to their advisor.

**Deadlines for submission of the Intent to Graduate form
and degree worksheet with required signatures:
End of the first week of STS 401**

STS 201, HUM 200, STS 401, and STS 498 are the required core courses for all STS graduates. Students may not enroll in STS 498 until all STS 401 requirements have been completed.

Please describe your career goals, reasons for pursuing the STS degree, your area of concentration within the degree program, along with any other information you believe would be helpful in explaining your decision to pursue the STS degree.

SIGNED:

(Degree Candidate) (Academic Advisor) (Date)

(Date) (Degree Program Coordinator)

*All forms for the degree may be obtained at <http://sdsmt.edu/sts>.
Handwritten submissions will not be accepted.*
