RESERVED SEATING

Exciting news from the Elks Theatre!

A remodel is underway that includes new seating on the main floor. Installation of new leather rocker seats will begin as soon as delivered is made, currently projected for early January. Installation should take approximately 6 weeks and be completed before the series finale.

With the good comes some bad. The new, larger chairs will reduce the total number of seats available on the main floor. During the installation phase, small sections will be blocked off each week. It is our hope to provide a seat in the main theatre for each attendee with a reserved seat each week. It will, however, most likely be necessary to move a few attendees to a different seat for one week during the series.

To facilitate this renovation, we will be reducing the number of reserved seats. At this time, ONLY those attendees who had reserved seats last year and wish to renew that reservation will be able to reserve a seat. All others may contact us and be added to a wait list. Reserved seating will be made available as soon possible. All reserved seats will be $15, but will be prorated for those obtaining a reservation after the series begins.

As the new seats are installed, it will be necessary to adjust some seat assignments. New seat assignments will be as close to the original seat assignment as possible.

Seat reservations renewals and tickets can be ordered by mail, online at library.sdsmt.edu, or purchased in person (check or cash only) at the Devereaux Library, SDSM&T.

In order to make the necessary arrangements for this exciting improvement, you must renew your seat no later than Friday, December 15.
