Degree and Enrollment Verification

The university’s official verification of enrollment is provided to students through WebAdvisor at no cost 24 hours a day by the National Student Clearinghouse. After logging on to WebAdvisor, select Student Services, Student Records and then Order Enrollment Verification. The verification should be attached to any form provided by a third party and returned directly to the requestor. Verifications can be used for insurance companies, scholarships, military identification cards, prospective employment, student housing, and all other services that require proof of being enrolled at Mines.

The National Student Clearinghouse is the University’s Authorized Certifying Agent to provide degree and enrollment verifications for alumni, credentialing firms, prospective employers, and other third-party requestors. Verifications can be ordered 24 hours a day from the Clearinghouse website.
