10:00 PM	(SSC) Trevor Pierce Gavin	Tyler Pierce	Trevor Pierce	Hannah Pierce	Pierce Ishaan		
11:00 PM							

This **STUDENT SUCCESS CENTER (SSC)** Tutoring schedule shows the **days and hours tutors are available during the week**. It's more helpful when used with the Tutors' Area of Expertise Chart. You may also find these two charts by going to the **STUDENT SUCCESS CENTER (SSC)** web pages. On the Mines website, enter "tutoring" in the search box, and then click the updated tutoring schedule link.

ALL TUTORS DO NOT TUTOR ALL SUBJECTS. The SSC's focus is tutoring in **CHEMISTRY & MATH**. Refer to the Tutors' Area of Expertise Chart to better know what subjects each tutor tutors.

SSC tutors help with problem solving processes, but do not do homework for students seeking assistance; and they do not teach the course.

Come prepared to receive tutoring by:

- Knowing the chapter being covered in class.
- Having attempted the homework before coming to SSC tutors with questions.
- Understanding that when the SSC is busy, tutors will divide their time among students seeking help.

Appointments are not necessary, just come to **MAVERICK Room (lower level of the SURBECK CENTER)** DURING TUTORS' SCHEDULED TIMES. One visit may not be enough plan on visiting the SSC several different times and days of the week to find tutors and times that best fit your study needs. If there are

questions or concerns about the SSC Tutoring Program, contact Tutoring/Testing Coordinator: Mr. Tom Mahon (Thomas.Mahon@sdsmt.edu) (or call 605-394-2428).
