

Future Hardrockers and Parents

Contacting the Financial Aid Office

We understand some conversations need to happen in real time, not just over e-mail. To make it easy for you, we are asking that you submit a [Request for a Virtual Appointment](#) so we can schedule a zoom call with you or just visit with you over the telephone. Once we receive your request, we will be in touch with you...It's that simple.

We realize this could be a new experience for you and we want to answer any questions or concerns in which you may have. We understand sending your child to college is a big deal so we are more than happy to help.

Thank you and be safe!
