

## South Dakota School of Mines and Technology Outside Agency Scholarship Verification Form for Student-Athletes

Under NCAA Rules, not all scholarships for South Dakota Mines' student-athletes (SA) from outside sources are permissible. The Financial Aid Office (FAO) must verify any outside aid provided to a South Dakota Mines SA meets NCAA legislation to ensure their eligibility. A SA may receive financial aid from a relative or a legal guardian. A SA may receive financial aid awarded solely based on having no relationship to athletic ability. Finally, a SA may receive financial aid through an established and continuing program to aid students if their choice of institution is not restricted by the donor and there is no direct connection between donor and institution. Please complete this form and return it to the FOA at your earliest convenience (instructions below).
