Center for Inclusion Mission Statement:

The Center for Inclusion cultivates an inclusive campus climate that supports underrepresented populations, fosters respect for those with diverse backgrounds, and promotes cultural proficiency among faculty, staff and students.

Center for Inclusion Description:

The Center for Inclusion is committed to building and promoting programs, services, and resources that serve students, faculty and staff to create as well as sustain a diverse and inclusive campus community.

We advise the following student organizations

Each of these national organizations is focused on increasing representation of underrepresented groups in science, technology, engineering and math.

These organizations provide opportunities for national, regional and leadership conferences all of which emphasize professional development. These groups are also active in community outreach, especially in regard to encouraging youth in STEM.
