

## **2019 Cultural Expo Passport Activity – Grades 6-12 student instructions**

### **Before starting**

- Each student will receive a premade activity sheet along with instructions
- Students will be divided into groups of 5-7
- Each group will be sent to a different booth

### **How the activity works**

1. Beginning at the booth the group is sent to, they will listen to the 3-minute presentation that booth has prepared. The students are encouraged to take notes on the back of their activity sheet on the various facts highlighted during this presentation.
2. At the end of the 3-minute presentation, the booth volunteers will then ask EACH STUDENT a different multiple-choice question pertaining to something mentioned in their presentation.
3. There are two minutes allotted for students to get the questions answered before it is time to rotate.
4. Once they have answered the question CORRECTLY, they will each receive a sticker to place on the grid side of their activity sheet in the corresponding grid box.
5. Once five minutes has been reached, it will be announced that it is time to move on to the next booth in rotation.

### **How to win!**

1. Students must earn 10 out of the 15 possible stickers. This means that they listened to 10 booth's presentations and got all of the questions asked correct. Once this is complete, the students must go to the Ultimate Question booth at the front of the ballroom (next to the stage).
2. A volunteer at this booth will have a bowl filled with short-answer questions covered at the booth's short presentations. Each question will be labeled with the name of the booth that it came from (this way, students can look back at the notes they took).
3. Each student will pull a question out of the bowl.
4. If they know the correct answer, they tell the volunteer and they have then completed the Passport Activity and will win a prize.
5. However, if they do not remember the answer, they can return to the booth that provided that question in the next available rotation, listen to their presentation (again or for the first time), and find the answer. Once they have the correct answer, they will return to the Ultimate Question booth, tell the volunteer the correct answer, and will then win the prize.
6. If the students are able to get 15/15 stickers, they can win another, different prize!

## **2019 Cultural Expo Passport Activity – Elementary student instructions**

### **Before starting**

- Each student will receive a premade activity sheet along with instructions
- Students can stay in the groups they arrived in
- Each group will be sent to a different booth

### **How to play!**

1. Beginning at the booth the group is sent to, they will listen to the 3-minute presentation that booth has prepared. The students are encouraged to take notes on the back of their activity sheet on the various facts highlighted during this presentation.
2. At the end of the 3-minute presentation, the booth volunteers will then ask the group a multiple-choice question pertaining to something they mentioned in their presentation. The group can work together to find the answer.
3. The group has two minutes to answer the question before it is time to move to the next booth in rotation.
4. Once they have answered the question **CORRECTLY**, they will each receive a sticker to place on the grid side of their activity sheet in the corresponding grid box.
5. Once five minutes has been reached, it will be announced that it is time to move on to the next booth in rotation.

### **How to win!**

1. Students must earn 7 out of the 15 possible stickers. This means that they listened to 7 booth's presentations and got all of the questions asked correct. Once this is complete, the students must go to the Ultimate Question booth at the front of the ballroom (next to the stage).
2. A volunteer at this booth will have a bowl filled with short-answer questions covered at the booth's short presentations. Each question will be labeled with the name of the booth that it came from (this way, students can look back at the notes they took).
3. One student in the group will pull a question out of the bowl and read it to the group (or can have it read to them by the volunteer).
4. If the group knows the correct answer, they tell the volunteer and they have then completed the Passport Activity and will win a prize.
5. However, if they do not remember the answer, they can return to the booth that provided that question in the next available rotation, listen to their presentation (again or for the first time), and find the answer. Once they have the correct answer, they will return to the Ultimate Question booth, tell the volunteer the correct answer, and will then win the prize.

If the students are able to get 15/15 stickers, they can win another, different prize!
