Date: December 6th, 2023
Time: 5:00
Location: Surbeck Center Ballroom

- **President Rankin:** yes, we did. We received $4 million, and we took a loan out for $3.4 million. We are in a good place to get that done. We still need to find 1 million to tear down the old MI building.
- **President Rankin:** how is Sodexo at this moment?
  - **Secretary Garcia:** I’ve received reports of expired food items.
  - **President Rankin:** I know that there are some issues with the smoothie machine.
  - **Director Headly:** yes, that is getting fixed.
- **Senator McCallum:** have you heard anything about a GAF increase?
  - **President Rankin:** during a meeting with presidents, I’ve heard the same thing that you all have heard. All six campus use GAF differently so it’s hard to get a consensus about a need for an increase. The legislature is very concerned about affordability so we may see the freeze continue on.
- **Senator Twing:** we passed a stance about not having exams on or near the day of career fair.
  - **Senator Rankin:** I feel it makes sense to make that request so I feel its valid.
- **President Kessinger:** there have been plans to increase enrolment on all levels. There have been some concerns on getting more graduate students with the current stipends.
  - **President Rankin:** we were above 2800 students before the pandemic. We found that we can have about 3150 students. One change to get more graduate students, you don’t

- have to pay tuition if you got an assistantship.
  - **Senator Lannerd:** It’s my understanding that we’re kind of pushed on undergrad housing.
    - **President Rankin:** It’s a balancing act. When we made the student goals there wasn’t as much of a housing issue. I don’t see us building more housing. But more housing in general needs to be built.
  - **CFO Van Ruler:** we talked about expanding undergrad degrees do you see this happening.
    - **President Rankin:** part of the problem is resources. For many degrees when we added things, we didn’t need to get more staff or labs. We should soon have an online master’s in systems engineering.
  - **President Kessinger:** I learned that Colorado school of mines has trademarked ‘mines’.
    - **President Rankin:** our attorney said that we should continue using ‘mines’. We are working on branding. You may get a survey in the next few weeks on branding in general.
  - **Senator Siekmann:** I’ve had people in my department express issues with finding internships with BME companies.
    - **President Rankin:** our marketing team is working on this with alumni.
  - **Senator Twing:** I’m aware that Montana tech used to be Montana Mines could you see us doing that?
    - **President Rankin:** I don’t see that happening because we have the technical colleges and people could

---

### Branding

- Colorado School of Mines has trademarked 'mines'.
- Our attorney advised us to continue using 'mines'.
- We are working on branding.

### Internships

- There are concerns about finding internships with BME companies.
- The marketing team is working on strategies for this.

### Housing

- It’s a balancing act, with current housing pressures.
- More housing is needed in general.

---

### Future Plans

- Expanding undergrad degrees.
- Online master's in systems engineering.
- Trademarked 'mines' for Colorado School of Mines.
- Working on branding initiatives.
- Addressing internships with BME companies.

- be confused about that. If you look at the trademark filing its only for merchandise.

## 5. Unfinished Business

### A. Resolution 23_F_018 ISEE Supplemental
- Lockwood motion to vote.
  - Second Senator Twing.
  - Motion passes 1 against

## 6. New Business
- None

## 7. Open Discussion
- **Senator Twing:** I’ve seen this complaint about people reserving all the time slots for a study room. So, I’ve had people ask to limit the number of times slots.
  - **Senator Alarape:** another option could be to limit the times that people could reserve rooms.
  - **Senator Twing:** I think that if you’re determined to have a study room the time you can reserve a room won’t matter.
- **Senator Uy:** I know we talked about food being served with limited portions what’s happened with that?
  - **Director Headly:** this has been resolved. We are watching food costs. For finals week we adjusted hours.
- **Senator Siekmann:** they seem to have reduced options for many stations.
  - **Director Headly:** they did some assessment and now they only put the top items out.
- **Senator Lannerd:** so, I know we get a special days for the calendar. I’ve found this to be inaccurate.
- **Senator Archer:** I feel that we need to adjust hours. Because I’ve gone to the minter shack in the morning when it’s

way to drum up support for a GAF increase. And we will try and heavily involve athletics and CMAP and other groups that are effected.

C. Governmental Relations:
- [Senator Archer] essentially done with this semester. Compiled that email to send out the legislature about jury duty. We are also going to hit the ground running as we have SHED so we will be looking that the bill tracker.

D. Student Affairs
- [Senator McCallum]: we will just be helping Senator Siekmann out with the GAF vote.

E. Campus & Ad Hoc Committees
- [Senator Piling]: met with Cody Marshall about cameras. We have 18 total cameras up. There are 2 or 3 more that need to go up for the first phase. We have some cameras that are going to be put up on light poles for phase 2.
- [Senator Alarape]: parking appeals met. Thank you to commuters for responding to the email in regard to the ramp parking.

**13. Upcoming Senate Business**
- Secret Santa

**14. Announcements**
- [Senator Winter]: 19 days until Christmas.
- [Senator Archer]: secret Santa after this we will start at 6.

**15. Adjournment**
- Senator Alarape motion to vote.
  - Second Senator Kuhl
  - Motion passes.
