HOW TO FIND A TEMPLATE

DocuSign “hides” templates that were created 6 months ago or prior to that time.

There are two ways to find/search for a template:

1. Click on the Shared Folder that you wish to search. If you do not see the template you require, click the Filters option at the top right of the page and in the Date filter select “All,” and then click “APPLY.” The template should appear and can be selected for use. If unsuccessful, see #2 below.

2. Click on the All Templates Folder. If you do not see the template you require, click the Filters option at the top right of the page and in the Date filter select “All,” and then click “APPLY.” All templates that have been created will be displayed and can be selected for use.
TRAVEL REQUEST REVISIONS

If a travel request needs to be revised after it has been completed, you will need to print off the approved travel request and write “REVISED” at the top. Make whatever changes are needed and attach a new/current FGIBAVL or Cognos Grant Budget Report for trip funding. The authorizing signatures will then need to initial and date by their original signature. After the authorizing signatures have reviewed and initialed, please submit to Accounts Payable for support for the travel reimbursement.
