SAFETY ON CAMPUS
South Dakota School of Mines & Technology is committed to the safety of our campus community. To ensure the safety of faculty, students, staff, and all visitors, the campus has implemented appropriate campus-wide response to ensure safety and minimize risks. This document is intended for use as a guide in hand that you know what to do in these various emergency situations.

Safe Routes on Campus: Campus Safety Committee, 6100, offers safe routes on campus.

To DO IN THE EVENT OF A CAMPUS EMERGENCY
The South Dakota School of Mines & Technology has implemented a Campus Alert system to notify the campus community of emergencies.

WHAT TO DO IN THE EVENT OF A CAMPUS EMERGENCY
1. Evacuation:
   - DO NOT DO the person unless there is a threat to life.
   - If you are required to leave the building, do so quickly and safely.
   - Evacuation routes can be found in each building.
   - Evacuation procedures are posted in each building.

2. Fire:
   - DO NOT attempt to fight a fire on your own.
   - Use the nearest fire alarm to signal for help.
   - Call Campus Safety at 394.2416.
   - Never attempt to fight a fire larger than an electric wire.
   - If exposed to smoke, use wet towels or clothes to protect you from smoke.
   - Do not open any doors that feel hot.
   - If you are trapped, sit/crouch undercover pin from the handle and call Campus Safety.
   - Isolate the fire using the nearest fire extinguisher. If no additional smoke, call Campus Safety.
   - If you are aware that someone is trapped, inform Campus Safety.
   - Do not open the door for anyone.

3. Severe Weather:
   - DO NOT go out of immediate danger.
   - Sit/crouch in a safe location.
   - Turn off the lights and metalathy.
   - Use wet towels or clothes to protect you from smoke.
   - Stay in contact with friends and family.

4. Mass Shooter:
   - DO NOT attempt to retrieve valuables or use fire or smoke.
   - Lockdown, baby, and wait for law enforcement.
   - DO NOT attempt to exit the building.
   - EMERGENCY DIAL 911
   - Call Campus Safety at 394.2416.
   - Call residence hall director or student checklist.
   - Inform the school of any unsafe conditions.
   - Use wet towels or clothes to protect you from smoke.
   - Do not open any doors that feel hot.
   - Never attempt to fight a fire larger than a smaller area.
   - Always stay with the person.

MEDICAL EMERGENCY
1. STAY CALM:
   - DO NOT leave the person unless they are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the person, unless you are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the victim, unless you are in danger.
   - STAY with the victim, unless you are in danger.
   - STAY with the victim, unless you are in danger.

2. Emergencies can occur at any time, often without warning. This information can help you deal with any emergency that may occur on campus.

3. Campus Community:
   - DO NOT leave the person unless they are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the person, unless you are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the victim, unless you are in danger.

4. Campus Alert:
   - DO NOT leave the person unless they are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the person, unless you are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the victim, unless you are in danger.

5. Campus Security:
   - DO NOT leave the person unless they are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the person, unless you are in danger.
   - If you are required to leave the building, do so quickly and safely.
   - STAY with the victim, unless you are in danger.

Emergency DIAL 911

Campus Safety Committee, 6100, offers safe routes on campus.

Examples include:
- then call Campus Safety.
- Campus Safety 605-394-6100.
- Trust your instincts. If you Say Something! See Something?
- • • • • •
- Someone accessing unusual or out of place
- Someone acting unusual or out of place.
- Tornado safety tips can help individuals protect
- Thunderstorms can kill with lightning, flash floods,
- You are responsible for monitoring weather
- SEVERE WEATHER
- •
- •
- •
- •
- ••
- The National Weather Service issues severe weather advisories and watches when there is a potential for severe weather, such as severe thunderstorms, tornadoes, or high winds, large hail, and tornadoes. The following tornado safety tips are provided to help you protect yourself:

- Stay away from windows, and doors, and walls.
- Protect your head.
- Go to the basement or to the lowest level of your home.
- If there is no basement nearby or in a vehicle, seek shelter in the lowest part of your vehicle, such as the trunk.
- Shun thunderstorms, fast, loud, rumbling, and funnel clouds are signs that a severe thunderstorm is in progress.
- Civil Defense officials will sound a warning in those areas.
- •
- A tornado warning is issued when a tornado is present.
- Stay away from windows, and doors, and walls.
- Prevent the gunman from making you an easy target:
- Do not provoke the gunman.
- Do not provoke the gunman.
- Do not provoke the gunman.
- Do not provoke the gunman.
- If the threat is not immediate, the emergency managers may request to keep information confidential whether to evacuate. For 3. Always stay upwind of the spout (wind)
